HRSA

**Donation and
Transplantation
Community of
Practice**

+ ODTA Board Membership

- American College of Healthcare Executives
- American Hospital Association
- American Society of Transplantation
- American Society of Transplant Surgeon
- Association of Organ Procurement Organizations
- Society of Critical Care Medicine
- The Joint Commission
- United Network for Organ Sharing
- Organ Procurement Organizations

+ Did you know?

In the past 5 years, the ODTA has...

Convened > **7,400 participants** in educational sessions & >**15,000 participants** in educational webinars!

Four National Learning Congresses!

Six DSA Action Team Leader Meetings!

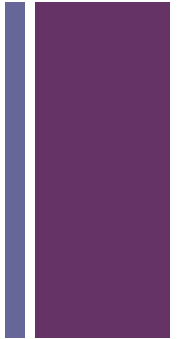

Supported an “all teach, all learn” list serve!

Convened & supported **three** national topic-specific Task Forces.

National Task Forces At Work

■ Transplant Center Task Force

- Working on production of Quality Resource Document for Transplant Centers
- Increased OPO engagement in Transplant Management Forum

■ Donor Management Task Force

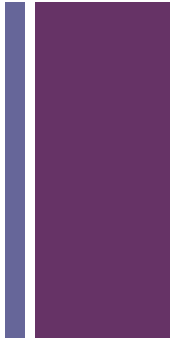

- Adult and Pediatric Donor Management Summits
- OPO Toolbox moving to organdonationalliance.org by August 31st
- Embarking on web available training videos
- Physician education regarding declaration of brain death
- Donor-Recipient Research Consensus Conference
 - **September 16-17, 2013**

■ Quality Improvement Task Force

- Restructuring to begin evaluating new national performance goals

+ So where are we now?

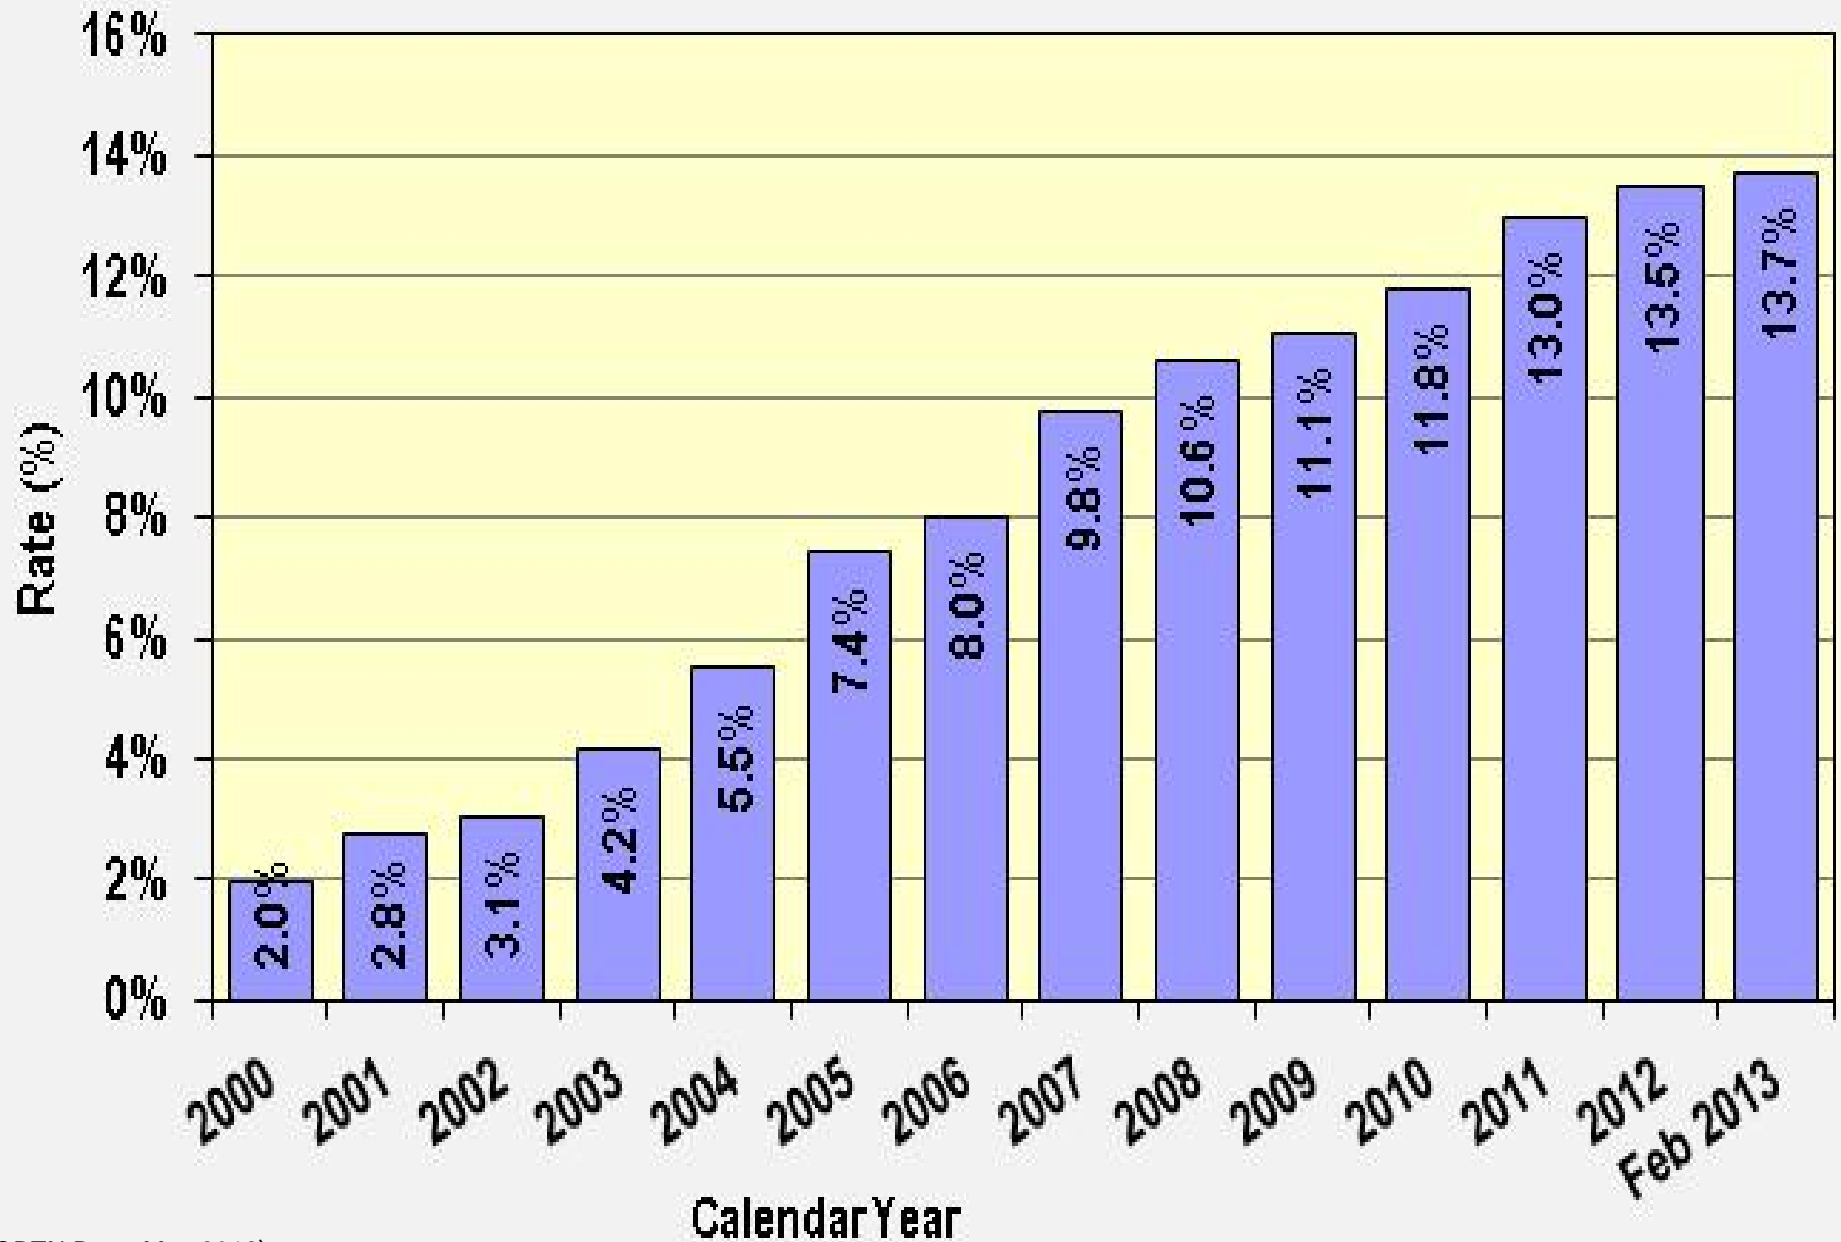

- IHI Collaboratives ended in 2008!
- Deceleration of support seems to be increasing along with the performance/cost containment pressure on hospitals
- In-hospitals deaths decreasing
- Most DSA conversion rates > 75% and maintaining...We have sustained or increased our collaborative gains for >5 years!

National Conversion Rates

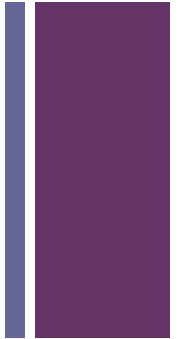

Percent of All Donors Recovered Through DCD

HRSA/Alliance Strategic Planning Steering Committee

- ❖ Partnering to convene national steering committee for DTCP
- ❖ Purpose is sustainability of the DTCP through communication and integration
- ❖ Approximately 30 organizations/leaders invited to participate

Pillars

- Enhancing trust
- Building relationships
- Sharing knowledge
- Aligning activities and metrics

Underlying these Pillars are
Accountability, Action, and Achievement

Pillars

Goals

- Facilitating dissemination of knowledge within the professional community to influence improvement practices that foster a positive culture of donation and transplantation
- Within the context of community benefit, assessing and recommending optimal measures to improve practice
- Healing lives through protection of every potential donation and transplantation opportunity

The image features a vibrant, abstract background composed of various colors including red, blue, green, yellow, and purple, arranged in a painterly, textured style. A solid red horizontal bar is positioned at the very top of the image. Centered within the white space below the red bar is the word "Vision" in a large, white, sans-serif font.

Vision

A national donation and transplantation system driven by a community of practice that focuses on healing lives, inspiring public trust, and working collectively toward a shared mission to maximize community benefit.

Mission

To establish shared goals, align and support the efforts of diverse stakeholders, and work collaboratively to heal the greatest number of lives through donation and transplantation.
